Second contact person	No

Remarks

Extra notes regarding the CA.

Note from the LEO

The internship in the hospital starts on Monday, 01. 08. 2022, and ends on Friday, 26. 08. 2022. Due to COVID-19 the department may be changed before or during the exchange. Dates of the internship are also subject to change. Accommodation will be provided no matter what, however the location may be changed due to COVID-19. You are kindly asked not to buy airplane/train tickets until we send you the confirmed dates of your accommodation. The department may require an additional COVID-19 PCR test on the first day of internship or during the internship. This PCR test may be payable and it costs 100 EUR. At your arrival our LCs are obliged to ask for a rent deposit in case you develop positive symptoms during your stay and need to extend the renting period for quarantine. The deposit is 100EUR and you need to give it to LEO upon arrival. If your rent ends in the regular period (last day of the month) and/or you do not get infected with

SARS-CoV-2, your deposit will be returned to you. **IMPORTANT:** Due to the new Omicron variant, you are required to present a negative PCR test that is not older than 48 hours upon moving into the accommodation. You can do it in your home country or in Slovenia (prices vary, up to 100 €) prior to arriving at the student dorm, where you will be staying. The PCR test is necessary to guarantee your own safety and the safety of other incomings on the exchange. It is non-negotiable and cannot be replaced with a rapid antigen test.
